

Attention Parents

The Advanced Academic Office at Paschal High School is continuing to create a parent email list. Many of you emailed us with your information last year and we greatly appreciate your help. If you have not done so, please email our office at: pam.medlin@fwisd.org with your email address, students name and grade level. Also, if you submitted this information last year but it has changed, please let us know. This will help us communicate with you in a more efficient manner.
